## PHOTOGRAPHY EXHIBIT CELEBRATES REGION

THIS year's offering from the Macarthur CC Photography Exhibition Group has surpassed even its own benchmark of excellency.

The fourth annual display of works from 12 Macarthur Community College stu-

dents captures their passion for the local area.

The community can see the exhibition at HJ Daley Library, Campbelltown, until November 28.

College tutor and group

co-ordinator Debra Pearson said the group had celebrated many success stories.

"One of them is Adrian De'Arthe, who has won both years of the photography section of Camden Art Prize

since it was introduced in 2013," Ms Pearson said.

She said the aim of the group was to work towards annual local exhibitions.

"We want to give enthusiastic students an oppor-

tunity to grow their talents and show their work," Ms Pearson said.

"We are committed to sharing these opportunities and keeping our ideas and motivations fresh."
